

## *August Newsletter*

September is the “organic month” when we celebrate all things organic, so we are kicking off on Thursday 1<sup>st</sup> September with an evening walk round the organic vegetable field and the Gloucester Old Spot pigs, followed by an organic BBQ. To make this event extra special we will be entertained by music from the “***Rochester Swing Preservation Society***” playing music from the Swing Era and the Great “American Songbook”. This is a ticket only event, so please let Jill or Alison know if you plan to attend. The cost of the ticket will remain the same as last year - £6 for adults and £3 for children to cover the cost of the burger, sausage or veggie kebab and a drink. More details will come in your boxes and posted on the website. During September expect more surprises in the way of offers which we will be telling you about soon! Come and join us for a great time!
