The weather continues to give us endless problems in harvesting the veggies for your boxes! As each week begins it is more a case of what we can get out of the ground and we are all hoping that Spring is on the way so that we can watch the produce come to life again in the fields! However we were really happy with the response you gave to our beef promotion during February and have decided to do another one for March as detailed above. Looking towards Easter we will be delivering all boxes one day earlier than usual so our drivers do not have to deliver on Good Friday. Please make a note of this on your calendar. Below is a picture of Honey's latest 9 piglets and Buttercup has since had her first litter of 7 piglets, so if you would like to take a peep they are just up the steps by the post box at the entrance to Court Farm. The main herd will be starting to calve soon, so a busy time to look forward to! Gerry and I are off on the canals again on Friday for a week's holiday, packing plenty of warm clothes!

From us all at the farm
